General

### Battery Beacons BB-1 Single Beacon

Automotive

Construction

Battery operated LED beacon with rechargeable battery and heavy duty magnet. 360 degree LED light can be seen up to 1km away, and includes 9 user selectable operating modes.

Tough rubberised shell and high-strength plastic inner casing. Can be hand-held or placed on the road as emergency warning beacon. Magnetic for attaching to any suitable surface, e.g. vehicle, or may be hung from clothing, belt, fence, railing, etc.

Fully rechargeable, floats, waterproof to 25 meters and magnetic. Can be driven over and dropped.

Internal battery can be charged in your car, from the motor, or via USB. The battery will be fully recharged within 2-3 hours and all adapters and cables are included in the package.
